## OPINION OF HOME RULE.

Burmah to be Annexed—The London Socialists—Lessons  
Returns Home.

[Special to the Herald by the Associated Press]

LONDON, March 3.—Lord Randolph Churchill spoke at Manchester to-day. He said that Mr. Gladstone deluded the country with false issues. There was an imperative necessity for the establishment of a British Unionist party, which would unite with what was best in all parties and creeds. The Marquis of Salisbury, speaking as a Conservative, said that the Crystal Palace had to-day denied the assertion of Sir Henry Jones that he ever encouraged the "Home Rule" delusion in the slightest measure. He said that the party which had the hasty adoption of land purchase measures for Ireland would drive away the wealthy and leave the ignorant under the rule of a not overwise hierarchy, while all the money now spent would be lost. Lord Salisbury bitterly condemned the Liberals for defeating the Conservatives on such an issue, thus avoiding the necessity to formulate an Irish policy.

## Burmah to be Annexed.

LONDON, March 3.—The government has telegraphed the authority to Lord Dufferin to definitely annex Burmah.

## A Thrilling Marine Disaster.

HALIFAX, March 3.—The steamer Beta, which arrived to-day, brought from Turk's Island the second engineers and several of the crew of the steamer Saxon, which was wrecked on the evening of February 4th, in Calcas Passage. The steamer was bound from New York to Cape Haywood with a general cargo. On the 3d day out it struck on a rock. Lookout rest and on the following day broke in two. The first and second engineers and four men took to the boat and remained afloat. Another boat, which had been sent to the scene, was swamped and both men were drowned. Two others of the crew by aid of a plank swam to the schooner, leaving Capt. Wynn, who, for other officers of the wreck, one of these, the chief mate son of the Captain, attempted to swim to land, but became exhausted and was drowned. The steward, Capt. Wynn, and his wife, and two of the crew, who were afterwards picked up, were drowned. High winds and rough water prevented any attempts to rescue the remaining survivors until Monday, by which time still another of the missing had been found. The chief mate son of the Captain, becoming delirious, had died. When the weather moderated the wreck was boarded by men from land. The body of the Captain to remove to shore. Besides Captain Wynn and his son Frank, second mate Patterson and second engineer, whose names are unknown, were drowned, making the whole number of victims six. The steamer registered 335 tons and was owned by Berrett, Bennett & Bremer, of Boston. The Beta belongs to Turk's Island from men belonging to the bark Northern Queen, of Yarmouth, which was wrecked on the 15th of February.

## Bismarck on Bi-Metallism.

BELMONT, March 2.—The Post says that at a political dinner last night Bismarck said it was doubtful whether the advantages which the partisans of bi-metallism enjoy over German international trade would certainly follow the adoption of a double standard, especially while England declined to join in forming a bi-metallic union. —  
BISMARCK, March 2.—The Post says that the German international trade would certainly follow the adoption of a double standard, especially while England declined to join in forming a bi-metallic union.

## England's Eastern interests.

LONDON, March 3.—Brigadier Blair, English delegate to the grand lodge of Masons of England, has resigned. Earl Roseberry, Foreign Secretary, has instructed Sir Henry Drummond Wolff, the British Commissioner in Egypt, to object to the demand of Markart Pasha, Egyptian Commissioner, that an English army be organized with a large Turkish element. The English occupation of Egypt will continue until the questions of the Tullus' tenure of land and the civil, military and financial reforms have been settled.

## Capture of the filibustering steamer.

WASHINGTON, March 3.—The Secretary of the Navy has received a long report from Commander C. M. Chester, of the Galena, dated Key West, February 22d, regarding the capture of the alleged filibustering steamer City of Mexico. The Galena arrived at St. Andrews, Colombia, February 14th, with B. K. Wright, Jr., United States Consul at Colon on board. The steamer City of Mexico was found in port with only her passengers, thirty-five in number, the captain and one of her crew on board. The remainder of the crew had pro tested against proceeding to sea with the passengers, asserting they composed of an organized band under the direction of one of their number, Benito Delgado, who had made it a point in waiting to receive arms and ammunition from the American steamer Neptune, preparatory to landing on the island of Panama. The steamer had a record of sailing on a peaceful voyage for which she enlisted was under control of said Delgado, and that the Captain was implicated in irregularities, and that their continuing hostilities broken they had made the same a sinecure for their maintenance. San Francisco, March 1.—The contestants are Elmer A. Steele, Evaline Steele, Clark Chittenden, Muriel Chittenden, Ambrose Chittenden and Sarah Tolman. Judge Coffey set the case for trial yesterday. It is stated that the trial of the case will commence next week and will be most bitterly contested.

## The U. P. R. R. Indebtedness.

WASHINGTON, March 3.—Mr. Storey, attorney for the Union Pacific Railway Company, made a statement to the House Committee on Pacific Railways in regard to the indebtedness of that company. The case is a rather complex one and the trial involves a question as to whether or not the will is forged or a genuine document. The deceased, who died last fall, left an aged oligarchic will to his former partner, Robert S. Smith, cutting off his relatives without a dollar. The contestants are Elmer A. Steele, Evaline Steele, Clark Chittenden, Muriel Chittenden, Ambrose Chittenden and Sarah Tolman. Judge Coffey set the case for trial yesterday. It is stated that the trial of the case will commence next week and will be most bitterly contested.

## The Southern Pacific's Earnings.

NEW YORK, March 3.—The Southern Pacific Company did not begin operations until March 1, 1885, and the following is the company's statement for ten months: Gross earnings, \$13,304,229; add rents for leased lines, \$415,937, making a total of \$13,720,166; disbursements for wages, \$1,000,000; interest on bonded debt, sinking funds, taxes and all other expenses and charges, \$11,407,400, and construction and improvement, \$525,280, leaves a net profit of \$1,789,457. The Pacific system contributed to the gross earnings above mentioned \$17,123,617, to operating expenses \$7,293,567, and to the net earnings \$9,829,660.

**The Polish Poets Return.**  
LONDON, March 3.—The Prussian government has ordered the Polish poet, Karol Podlaski, to return to Berlin on May first. The poet says that his return will soon be followed by his death as he is now in feeble health.

## A TRAIN DITCHED And Robbed By Sixty Mexican Outlaws.

EL PASO, Texas, March 3.—A freight train on the Mexican Central Railroad, Conductor Karl North, was ditched and robbed at Kilometer, north of San Francisco station, last night, by a band of sixty Mexican outlaws. The train consisted of seven cars, which were all ditched. The outlaws first robbed and then stripped completely naked all the train cars. They then looted the station, which they walked into San Francisco station. Nobody, however, was hurt. The cars were broken open and a large amount of freight was taken by them. Troops were sent to that country in the hope of the bandits being captured. The similarity of operations it is supposed this outrage was committed by the same band, which sometime ago robbed the stage in the State of Zaca. The troopers who followed the drivers then and one young lady, all below the age of fifteen, were the victims. The cause of the failure are manifold. The first blow affecting the credit of the firm was the wreck of the City of Columbus, the Savannah line, two years ago. They had failed to procure the services of clothing, which condition allowed them to proceed in the stage. Just before leaving their victims the robbers, out of consideration of the young lady, gave the name of the people in the stage coach which they used in common as a lay robe, and thus made their way to the station. Yesterday's outrage occurred in the same manner, with careful nursing, the assets will probably be appropriated to the creditors. The creditors claimed an assignment was made to the Atchison, Topeka and Santa Fe, called "the Robber's Hat," from the quantity with which lawless exploits occur in San Francisco. The steamer lies between the San Francisco and the Pacific, in a populous neighborhood.

Later dispatches to the El Paso Times tend to place a different face upon the robbery. It is now said the freight train was to be simply ditched by the displacement of two rails, but not robed.

## A Murder Trial Attracting Much Attention.

NEW YORK, March 3.—The trial of James T. Holland, who shot and killed Tom Davis, was resumed to-day. The court room was crowded and among the spectators were many Texans. Counsel for Holland read the depositions of friends and neighbors of the defendant in Texas, including one from Governor Ireland, giving Holland a good character. The prisoner took the stand and in his own behalf he described the meeting and negotiations leading up to the purchase of the alleged counterfeiter. Money that after \$10,000 in good bills had been paid out and put into a bag and given for it to be made up, Davis had been asked to make up the difference, but he had refused. The game was played rather rapidly, especially towards the end, the moves from thirty-five to forty-two being made in about a minute. The game was adjourned until the next day. The game was pronounced the best one so far.

The next game was adjourned until Friday.

## The Chess Tournament—Steinitz Wins Again.

NEW ORLEANS, March 2.—The chess tournament between Steinitz and Zukertort was resumed this afternoon. Steinitz playing with white and opened with his Rook. Lopez and opened with his King. The game was a draw.

A report from the Commercial Committee, calling for the papers in the case of the suspended Collector at San Francisco, was adopted.

## The Prewett Case.

THE PROSECUTION Hears Their Case. Witnesses Missing.

HOLLISTER, March 3.—The prosecution in the Prewett trial rested their case after an unsuccessful effort of the Sheriff to find witnesses who had been subpoenaed. The defense had called to the witness stand a horse load of barrels crossed a track in front of it. The strikers cut the ropes that bound the barrels on the track and they placed the barrel on the track and the car placed square across the track.

The conductor was summoned to the witness stand. A car was carrying two tons of coal was dumped and its contents spread before the car. A car of the Grand Houston and Fort Stockton line was stopped by the strikers. The horses were cut and the car placed square across the track.

**How Doctors Differ.**

The public mind is very divergent  
on the results of license or prohibition  
in the State of Iowa. As a re-  
sult of a census of the liquor stores  
during the license law and the prohibi-  
tion rule, the following result has  
been discovered. Here are the fig-  
ures, the first column showing the principal  
cities before prohibitory legislation  
went into force; and the second, the re-  
sults derived from the tax under the  
license system; and the third, the  
number of saloons at present open  
and doing business:

	Days Before	Days After
Dubuque	\$6 160,000 200	\$6 14,500 283
Davenport	\$6 200,000 100	\$6 27,400 100
Des Moines	\$6 200,000 100	\$6 30,000 64
Council Bluffs	\$6 200,000 100	\$6 30,000 64
Omaha	\$6 14,000 102	\$6 22,000 45
Lincoln	\$6 14,000 102	\$6 22,000 45
Marshalltown	\$6 14,000 102	\$6 27,000 23
Creston	\$6 14,000 102	\$6 27,000 23
Iowa City	\$6 14,000 102	\$6 4,000 15
Waukon	\$6 14,000 102	\$6 4,000 15
Fort Dodge	\$6 14,000 102	\$6 4,000 15
Lyons	\$6 14,000 102	\$6 4,000 15
Alton	\$6 14,000 102	\$6 4,000 15
Total.	\$74 257,000 1,294	\$74 257,000 1,294

This shows that under the license  
system the revenue was \$237,000  
from 774 saloons, while under prohibi-  
tion the saloons increased to 1,294  
with no revenue to the State. Does  
prohibition prohibit and reduce taxa-  
tion?

**The Silver Dollar.**

The Stockton Mail says: "Senator  
Beck's recent speech in regard to the  
coining and use of silver coin has  
proved to be a veritable bombshell in  
the camp of the goldites, who  
evidently felt assured a few months  
ago that they could and would do all  
the workings of the United States  
mint to suit their own convenience  
and interests. Debates on Beck's  
resolution have been commenced in  
the Senate, Gray, of Delaware, and  
McPherson, of New Jersey, having  
already spoken on the question and  
endeavored to combat the popular  
view of the case. The gold-hugs are  
sharp enough to see that the Ameri-  
can people are strongly opposed to  
the suspension of silver coinage. The  
popular notion is, and it is a cor-  
rect one, that the coin manipulators  
and professional usurers aim to strike  
down silver so as to reduce the vol-  
ume of real money that the purchas-  
ing power of gold may double,  
and to make three per cent, on a note or  
bond of the same purchasing power  
that six per cent, now is. The peo-  
ple do not want that sort of busi-  
ness, and are sharp enough to block that  
kind of a game."

The gold-hugs are putting forward  
their best efforts to stuff the people  
with the notion that the country  
would be a gainer by clinging to a  
gold basis in doing business through  
clearing houses, bills of exchange  
and in every other manner, because  
"silver is cheap and out of favor."

If it be true that silver is out of favor  
in the market, it is common use  
in representing exchange values ren-  
ders it more difficult for banks and  
money syndicates to control the coin  
currency of the country to their own  
advantage and to the disadvantage,  
if not the positive injury, of the in-  
dustry of the country, that it would  
be to carry on and perpetuate the  
skimming process, were gold alone  
recognized as the legal standard.

In regard to silver coin, a clear  
headed financial writer says:

"In apparent depreciation is due  
solely to a war, as wicked and  
stupid as it would be for Congress to  
decide by law that wheat flour  
should no longer be made available,  
and that for the Secretary of the  
Treasury to claim that wheat,  
through natural causes, had fallen  
twenty per cent, below the intrinsic  
value of the metal. All Europe uses  
this excuse to 'break down' the price  
of the metal. All Europe has not  
\$50,000,000 in silver, and there is  
not now even circulation at the rate of  
15% to 1 of gold. At the same time Eng-  
land and Europe, in their trade with  
the Orient, have to supply annually  
\$25,000,000 in silver, and the same  
amounts of gold, and the same  
percentage of silver is used in  
the minting of coins."

We are to absorb our own silver  
product, cause coined silver, but by  
law store the whole volume away in  
ingots and issue certificates for the  
same amount, and then sell the  
silver, and loan, and then certi-  
ficates as money in the steadily swell-  
ing internal trade of the country, no  
one would be wronged; the govern-  
ment would not be out of pocket, we  
would not be losers under Europe,  
and there would have to begin to draw upon  
her silver-coin reserves to meet the  
Oriental demands, and those reserves  
are 15% to 1 of gold, and the same  
percentage of silver is used in  
the minting of coins."

**Caution.**

We would caution the Public to beware of  
Dealers offering Karp's Balsam at less than  
the regular price, as all the dealers in  
Europe are making a profit on their  
sales, and the same is true in America.  
We are to absorb our own silver

**The Excitement Not Over.**

This is right at H. D. Goffey's drug  
store, and the same is true in America.

product, cause coined silver, but by  
law store the whole volume away in  
ingots and issue certificates for the

**Indicated Inflammation.**

No one can say against the use of  
the indicated inflammation, as the  
same is used in the treatment of  
various diseases, and the same  
percentage of silver is used in  
the minting of coins."

**CRITICAL.**

**Outlook for Uruguay and the Ar-  
gentine Republic.**

MONTEVIDEO (via Galveston), March  
3.—The relations between the Argentine  
Republic and Uruguay are now critical.  
Both sides are in a position to  
use extreme measures, and the  
cause of the assignation is general  
dissension of the business in which  
the firm is engaged. The firm is composed  
of Frank W. Nicker, Alfred A. Nick-  
erson and Elkanah C. Croxley.

**THE Riot Leaders.**

LONDON, March 3.—Burgess, Burns, Hyatt  
and Wetherell, and others, the  
Socialist leaders, again before the  
House of Commons to-day, after further  
debate, were committed for trial on the  
charge of inciting subjects of the Queen  
to riot. The defendants were permitted to  
turn furnish for their appearance.

**NOTICE.**

DAILY HERALD  
Single Copies of the Herald, 5 Cents

Herald Steam Printing House.  
The HERALD'S job printing office is not managed by the job printing office on the Pacific Coast, outside of San Francisco, in facilities for doing job work. Low prices, good work and execution may be relied upon at this office.

**Special Notice.**  
Interstate notices of convalescence, societies, etc., will only be inserted in the Herald. We reserve the place of a waggoner's directory which will appear every Sunday morning.

The HERALD office is connected with the telephone system of Los Angeles city and county. Orders for advertisements and work may be sent through this medium to our office.

The HERALD is the official paper of the City of Los Angeles. The city's delinquent tax lists and all other municipal notices appear only in its columns.

M. R. B. ROWS is the Santa Ana agent of the HERALD.

**How Doctors Differ.**  
The public mind is very divergent on the results of license or prohibition in the State of Iowa. As a result of a census of the liquor stores during the license law and the prohibition rule the following result has been discovered. Here are the figures, the first column showing the number of saloons in the principal cities before prohibitory legislation went into force; the second, the revenue derived from the tax under the license system; and the third, the number of saloons at present open and doing business:

Des Moines	69	160,000	200
Dubuque	14	14,500	28
Bloomington	10	10,000	18
Burlington	68	27,400	50
Council Bluffs	55	15,000	25
Des Moines	4	7,000	75
Cedar Rapids	55	14,000	102
Sioux City	38	12,150	78
Clinton	22	6,000	22
Ottumwa	22	6,000	22
Marshalltown	28	7,000	23
Waterloo	20	5,000	15
Iowa City	17	4,000	15
Keokuk	17	4,000	22
Fort Dodge	6	1,000	10
Oskaloosa	10	4,000	15
Boone	8	4,000	15
Total.	774	227,000	1,294

This shows that under the license system the revenue was \$237,000 from 774 saloons, while under prohibition the saloons increased to 1,294 with no revenue to the State. Does prohibition prohibit and reduce taxation?

#### The Silver Dollar.

The Stockton Mail says: "Senator Beck's recent speech in regard to the coining and use of silver coin has proved to be a veritable bombshell in the camp of the goldites, who evidently felt assured a few months ago that they could and would do all the workings of the United States mint to suit their own convenience and interests. Debates on Beck's resolution have been commenced in the Senate, Gray, of Delaware, and McPherson, of New Jersey, having already spoken on the question and endeavored to combat the popular view of the case. The gold-bugs are sharp enough to see that the American people are strongly opposed to the suspension of silver coinage. The popular notion is, and it is a correct one, that the coin manipulators and professional usurers aim to strike down silver so as to reduce the volume of real money that the purchasing power of gold may double, and to make three per cent, on a note or bond of the same purchasing power than six per cent, now is. The people do not want that sort of business, and are sharp enough to block that kind of a game."

The gold-bugs are putting forward their best efforts to stuff the people with the notion that the country would be a gainer by clinging to a gold basis in doing business through clearing houses, bills of exchange and in every other manner, because "silver is cheap and out of favor." If it be true that silver is out of favor what is the reason? Its common use in representing exchange values renders it more difficult for banks and money syndicates to control the coin currency of the country to their own advantage and to the disadvantage, if not the positive injury, of the industries of the country, than it would be to carry on and perpetuate the skimming process, were gold alone recognized as the legal standard.

In regard to silver coin, a clear headed financial writer says:

"It appears depreciation is due solely to a warfare, as wicked and stupid as it would be to be compelled to defend it by law, and wages, which should no longer be made to bread, and then for the Secretary of the Treasury to claim that wheat, through natural causes, had fallen twenty per cent, below its true value is this; that England and Europe use this country's silver to break down the price of the metal. All Europe has now a circulation at the rate of 15% to 1 of gold. At the same time England and Europe, in their trade with the Orient, have to supply annually \$25,000,000 worth of silver to India, Persia, China, Japan, and Australia, outside of the United States, supply. The commerce of the United States is expanding at a rate equal to the creation of new wealth, but the people are increasing at the rate of three or four per cent, annually, and require a steadily increasing volume of—not ready cash, but silver.

We are to absorb our own silver product, cease coining silver, but by law store the whole volume away in ingots and coins certificates for safe delivery, and let the miners and bullion, and use those certificates as money in the steadily swelling internal trade of the country, no one would be wronged; the government would not be wronged, the miners would not be wronged, and the Treasury to claim that wheat, through natural causes, had fallen twenty per cent, below its true value is this; that England and Europe use this country's silver to break down the price of the metal. All Europe has now a circulation at the rate of 15% to 1 of gold. At the same time England and Europe, in their trade with the Orient, have to supply annually \$25,000,000 worth of silver to India, Persia, China, Japan, and Australia, outside of the United States, supply. The commerce of the United States is expanding at a rate equal to the creation of new wealth, but the people are increasing at the rate of three or four per cent, annually, and require a steadily increasing volume of—not ready cash, but silver.

The Excitement Not Over.

The rush to H. D. Godfrey's drug store, where the German Remedy was sold with Goughs, Colds, Asthma, Bronchitis and Consumption, to procure a bottle of the great nostrum, was not over, but the miners' fever had subsided.
